BURNSVILLE CENTER VILLAGE VISION PLAN AWARDED BY AMERICAN SOCIETY OF LANDSCAPE ARCHITECTS (ASLA)

On April 26, the American Society of Landscape Architects (ASLA) awarded Damon Farber Associates a “Planning and Urban Design Merit Award” for their work on the Burnsville Center Village Vision plan.

The City of Burnsville contracted with Damon Farber Associates in 2018 to develop the Burnsville Center Village Vision. The plan outlines short, mid- and long-range goals for redevelopment of the retail area west of I-35W, south of McAndrews Road, east of Burnhaven Drive and north of Southcross Drive – including the Burnsville Center. It is meant to help guide future policy decisions and spark reinvestment into the area.

“We are so proud of our collaborative work with the City of Burnsville to develop a strong vision for how this district can evolve into a more sustainable and vibrant future that better meets the needs of the Burnsville community,” said Tom Whitlock, President of Damon Farber.

The Burnsville Center Village Vision Plan, which was adopted by the Burnsville City Council in 2018, was developed through a collaborative effort with Damon Farber Associates and their team of industry experts, along with City representatives, area stakeholders and property owners.

To learn more about the project visit www.burnsvillemn.gov/redevelopment or contact Burnsville Redevelopment Coordinator Regina Dean at regina.dean@burnsvillemn.gov or 952-895-4453.
