HOMEOWNER BUILDING WORKSHOP NOV. 6

Planning a home remodel or renovation can be tricky. Where do you start? Do you need a contractor, or can you do this yourself? What about permits?

To help get that next building project off on the right foot, the City of Burnsville is once again offering its popular *Homeowner Building Workshop* in November.

When: Wednesday, Nov. 6 | 6:30 – 8 p.m.
Where: Burnsville City Hall, 100 Civic Center Parkway
Cost: FREE

Attendees are encouraged to register online at www.burnsvillemn.gov/workshop.

Whether you're a do-it-yourselfer, or are planning to hire a licensed contractor, this workshop will provide tips, tricks and information to help set your expectations for projects such as:

- Home Remodels
- Basement Finishes
- Windows
- Insulation
- Basic Plumbing, Electrical, HVAC and Building Code Requirements

A member of Burnsville's Building and Protective Inspections division will lead the session. The first portion will be a presentation, with time left for an open forum to ask specific questions related to your project.

Those who attend will be eligible for a \$25 discount on their next building permit.

For more information on Burnsville's building permit requirements visit www.burnsvillemn.gov/permit or email chris.faste@burnsvillemn.gov.
