

I-35W BUS STUDY SEEKS PUBLIC INPUT IN PERSON, ONLINE

To inform bus service planning in the I-35W corridor, Metro Transit asks for community input on how to best serve the region.

When the [METRO Orange Line](#) opens in 2021, it will provide fast, frequent, and all-day service to connect Minneapolis, Richfield, Bloomington, and Burnsville. It will also connect and impact other transit lines in nearby cities like Edina.

Routes in this study include: 4, 515, 558, and 18. When the Orange Line opens, it will replace Route 535.
