

# Woodhill Road Drainage Improvements

## CONSTRUCTION BULLETIN

### This Project Includes

- Rerouting of storm sewer pipes on part of the South Frontage Road of Highway 13 near Woodhill Road
- Installation of an infiltration pond on the southeast corner of the South Frontage Road of Highway 13 and Woodhill Road
- Installation of a ditch on the south side of the South Frontage Road of Highway 13 east of Woodhill Road

### Construction Schedule

- See the project phasing and schedule map on the back of this bulletin
- This project will be under construction starting mid August 2020 through late fall 2020
- Visit [burnsvillemn.gov/2236/Woodhill-Road-Drainage-Improvements](http://burnsvillemn.gov/2236/Woodhill-Road-Drainage-Improvements) for updates during construction

Subscribe

### Construction Safety

- Stay away from equipment, materials, and trenches whenever possible
- Preserve survey stakes and utility flags during construction
- Observe posted warning and no parking signs

### Road Surface and Dust

- Streets adjacent to the project may become muddy during construction.
- The contractor will sweep adjacent roads periodically to minimize mud tracking

### Disturbed Boulevards

- Turf and/or boulevard areas will be disturbed in work areas
- Disturbed turf areas will be restored
- New seed and/or sod requires frequent watering
- Do not mow seeded or sodded areas until the grass is nearly tall enough to fall over and when mowing use the highest setting till next season

### Driveways and Curb

- Curbs will be replaced where needed for the work
- Concrete curb takes 5-7 days to cure. Please refrain from driving or walking on them during that time

### Primary Inspector

Nils Hudyma  
City of Burnsville
